## **CESAR MILLAN ~ UNLEASHED AND LIVE IN SINGAPORE**

Oprah Winfrey, Scarlett Johansson, Will Smith and Nicolas Cage, have all had their dogs balanced by TV sensation Cesar Millan - and now you will be able to witness his talents first hand, as he brings his enlightening and hugely entertaining live show to Singapore for the first time.

Anyone with a dog knows him from the Emmy-nominated series, "***Dog Whisperer with Cesar Millan***" and now directly from his sell out tour of the UK, Canada and Europe, Cesar will wow dog-loving audiences in Singapore with **Cesar Millan LIVE** in June 2012.

From Sheepdogs to Schnauzers, Poodles to Pomeranians, Cesar Millan will have audiences spellbound, as he shares his amazing insights on dog psychology, and how people can inadvertently play a role in their dog's "behavioural issues".

Using his natural gifts as an educator and as an entertainer, Cesar uses state-of-the-art multimedia illustrating two different settings, accompanied by some dogs and their owners to illustrate his unique concepts. The first half of the show will be depicted as Cesar's home, where he teaches the audience about how the everyday things we do in our homes, can grow into behavioural issues, as well as tips and tools for a calm and balanced dog. The second part of the show will be set in the dog park where Cesar demonstrates the importance of energy and leadership, and how this can transform your dog. Cesar will have audiences seeing the world through their dog's eyes and his "fulfillment formula" will change their relationships with their dogs forever.

***"What amazing places dogs are taking me to," Cesar says. "If you had told me when I was growing up in Mexico, that one day I would be travelling the world with my own live show, I don't think I would have ever believed it. I rehabilitate dogs and train people, so to be given the chance to share my talents to help dog owners become calm and assertive pack leaders with their dogs really helps me fulfill my vision of making the world a better place... one dog at a time."***

"Great talent makes great performers and Cesar is renowned for the way his TV persona transfers effortlessly to the live stage," Chugg Entertainment's Michael Chugg said. "The way he connects with audiences really does have to be seen to be believed as he shares his amazing insights on dog psychology."
